

University Language Institute

Immunization & Medical Release Form A (for ages 15-17)

The state of Oklahoma *requires* minors (students under age 18) to have proof of immunizations or immunity before they can be admitted to any school in the state of Oklahoma. Minor students will not be accepted until they have completed or started their immunization series. Please return this form with any additional immunization records (translated into English) to University Language Institute as soon as possible. This form must be *completed* and on file with ULI before admitting you to our school.

Statement by the Parent/Guardian:

I authorize medical diagnosis and treatment of illness or injury to this applicant, and release of medical information for medical treatment and insurance purposes. I understand that I am responsible for medical expenses outside the limits of any applicable medical insurance and that pre-existing conditions are not covered by health insurance.

****Hepatitis B	2-3 Doses Required					

x

Signature of Physician Date

* A 5th dose of Td not required if child completed the 4th dose during or after age 4. In addition, the student must have a tetanus booster current within the last 10 years.

**4th dose of Polio not required if the child completed the 3rd dose during or after age 4

***Parental verification that the child had chicken pox is acceptable instead of the vaccine

****Previously unimmunized students ages 11-15 only need a 2-dose series of Hepatitis B. All other ages must receive 3 doses.
